General guide for setting up & operating the Canon HFS21 high definition camcorder

Stony Brook University

STEP 1

- Unpack camcorder, power cable (or batteries), and tripod. Open tripod legs, and place on consistent, even ground, for safety.

Stony Brook University

STEP 2

- Loosen all fasteners and raise tripod legs to a chest level height. Secure camcorder to tripod and tighten lock screw.

Stony Brook University

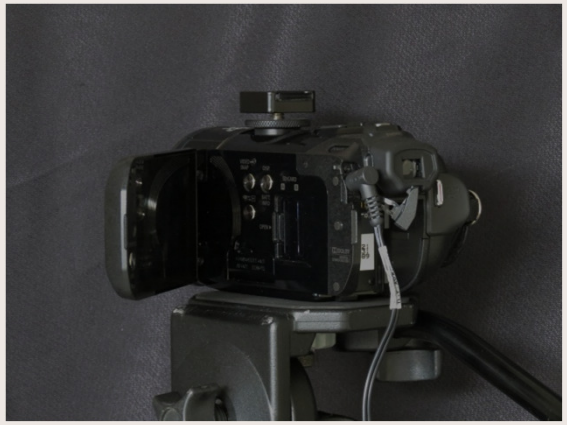
STEP 3

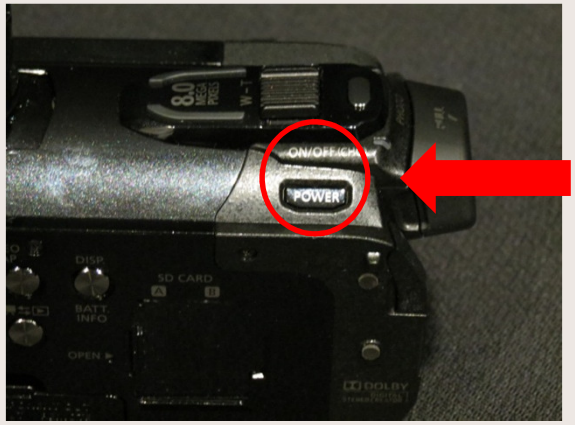
- Plug in power supply from back of camcorder, to electrical outlet, or slide the battery into the compartment area until you hear a click.

Stony Brook University

STEP 4

- Open the LCD view screen. Press the POWER button on the top side rear to power up the camcorder.

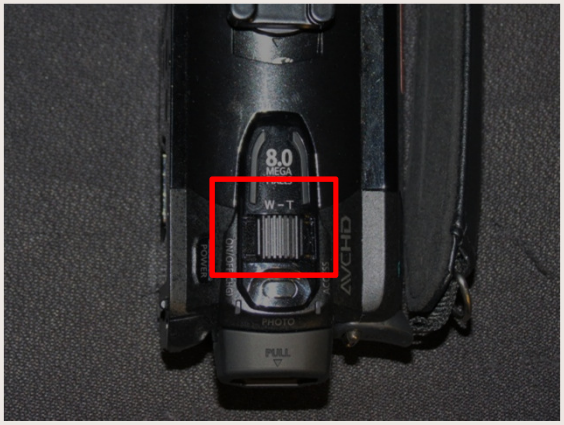




Stony Brook University

STEP 5

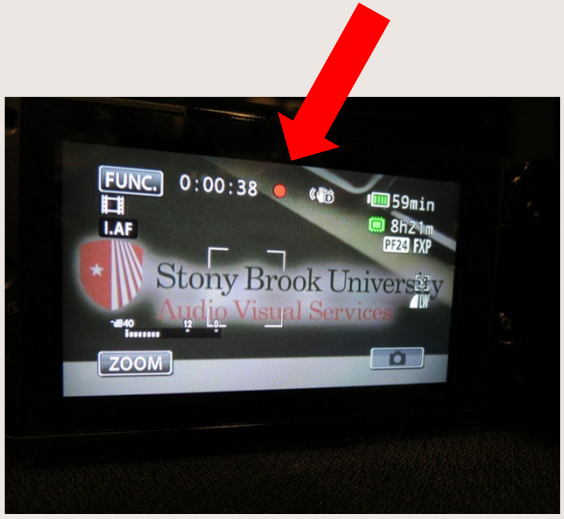
- Press (record/playback) button to put the camcorder into record mode. Slide W-T (wide-tele) lever to zoom in on, or zoom out of, your target location.



Stony Brook University

STEP 6

- Press the START/STOP button at the back of the camcorder to record. The LCD screen will show a red dot in the top center to indicate that you are recording.



Stony Brook University

STEP 7

- Press the START/STOP button at the back of the camcorder to stop recording. Press the button to put the camcorder into playback mode.

Stony Brook University

STEP 8

- To review your recordings, choose your recorded item from the playlist, by touching the LCD screen. This screen is touch capable. While your video is playing, touch again for shuttle control such as play, stop, rewind, and fast forward.

Stony Brook University

STEP 9

- At event's end unplug camcorder, breakdown tripod, and return all parts to carry cases.

Stony Brook University

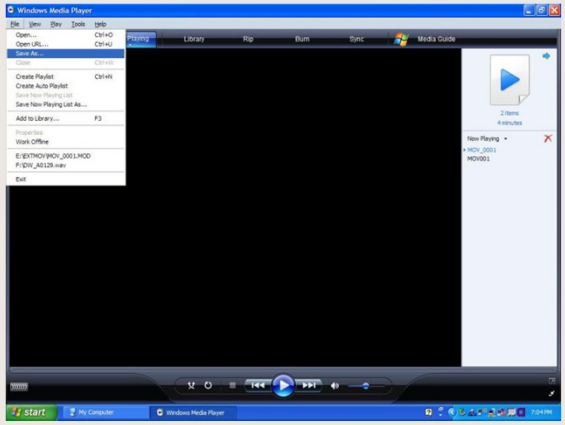
STEP 10

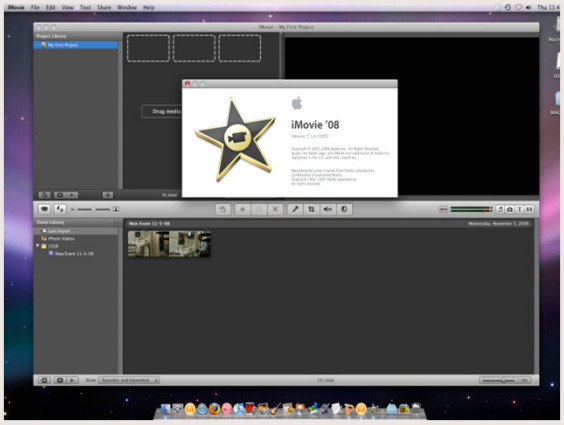
- To transfer recordings, connect the camcorder to a computer via the USB port, and plug in the power supply. Press the POWER button, then press the button to put the camcorder into transfer mode. Choose "Computer/Printer" when prompted.

Stony Brook University

STEP 11

- Copy your files directly to your computer. In Windows, they can be viewed using VLC Media Player©. On a Macintosh, Import your files using iMovie©.





Stony Brook University

STEP 12

- Please remember that this is a GENERAL help guide, as there are many variables when dealing with presentation equipment. Please contact our main office at (631) 63**2-9400** for further assistance.
